Report on the Audit of the Financial Statements

Opinion
We have audited the financial statements of Brookridge Housing, LLC, which comprise the balance sheets as of December 31, 2021 and 2020, and the related statements of operations, changes in members' equity (deficit), and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Brookridge Housing, LLC as of December 31, 2021 and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brookridge Housing, LLC and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brookridge Housing, LLC's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brookridge Housing, LLC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brookridge Housing, LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The Schedules of Income and Expenses are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Notes to Financial Statements

1. Nature of Operations and Significant Accounting Policies

Nature of operations

Brookridge Housing, LLC (the “Company”) was organized for the purpose of developing, constructing, owning, maintaining, and operating a 41-unit apartment complex with 40 units being leased to low-income families located in Raleigh, North Carolina. The major activities of the Company are governed by the operating agreement and the loan agreements. The property was placed into service in September of 2010.

The Company has one managing member - Brookridge Affordable Housing, Inc., and two investor members - RBC Tax Credit Manager II, Inc. (special member), and RBC Tax Credit Equity National Fund - 16, LP (investor member). The ownership of the Company is as follows:

Brookridge Affordable Housing, Inc.	0.009%
RBC Tax Credit Manager II, Inc.	0.001%
RBC Tax Credit Equity National Fund - 16, LP	99.990%
	100.000%

Basis of accounting

The financial statements of the Company are prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles.

The following is a summary of significant accounting policies consistently applied in the preparation of these financial statements.

Income taxes

As a limited liability company, the Company’s taxable income or loss is allocated to the members in accordance with the operating agreement and is reflected in their income taxes; accordingly, the accompanying financial statements do not reflect a provision or liability for federal and state income taxes.

Rental property

Rental property is stated at cost. Depreciation is computed primarily using the straight-line method over the estimated useful lives of the assets as follows:

Land improvements	15 years
Building	27.5 years
Furnishings and equipment	5 years

Improvements are capitalized, while expenditures for maintenance and repairs are charged to expense as incurred.

Cash and cash equivalents

For purposes of the statement of cash flows, the Company considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Impairment of long-lived assets

The Company reviews its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value may not be recoverable. Recoverability is measured by a comparison of the carrying amount to the future net undiscounted cash flow expected to be generated and any estimated proceeds from the eventual disposition. If the long-lived asset is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount exceeds the fair value as determined from an appraisal, discounted cash flows analysis, or other valuation technique. No impairment losses were recognized during 2021 and 2020.

Accounts receivable and bad debts

Tenant receivables are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

Other assets

Deferred tax credit fees are being amortized over 15 years. Prefunded asset management fees are being amortized over 15 years.

Concentrations of credit risk

The Company maintains its cash in financial institutions insured by Federal Deposit Insurance Corporation (FDIC). Deposit accounts, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

Subsequent events evaluation

The Company evaluated the effect subsequent events would have on the financial statements through March 8, 2022, which is the date the financial statements were available to be issued.

Debt issuance costs

Loan costs are being amortized to interest expense over the life of the related loan.

2. Members' Capital Contributions

The managing member is required to make a capital contribution of $100, all of which has been contributed as of December 31, 2021. 8. Contingencies, Risks and Uncertainties

The Company's sole asset is its 41-unit low-income housing complex located in Raleigh, North Carolina. The Company's operations are concentrated in the affordable housing real estate market. In addition, the Company operates in a heavily regulated environment. The operations of the Company are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to, the State Housing Agency. Such administrative directives, rules and regulations are subject to change by an act of Congress, or an administrative change mandated by the State Housing Agency. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.

In March 2020, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of the outbreak on the Company's future operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact on the project's customers, employees, and vendors, and governmental, regulatory and private sector responses.
